

April 22<sup>nd</sup>, 2021

To whom it may concern,

PDQ Marlin MFG is a manufacturing company located in Akron OH. We have accomplished some government work in the past as sub-contractors, but had recently decided to become a prime contractor.

It was at this time we engaged Lee from Section Seven, and use of the Captivator system to help build our bidding system. Lee was able to walk us through all the various registration and paperwork process, as well as set up our government bidding system.

We found Lee's experience to bring immediate information to us, that we had spent countless hours researching without any clear responses. Lee was very knowledgeable and thorough in his work. You can tell he enjoys what he does and is very knowledgeable in the industry.

I would highly recommend using Lee AND his Captivator system if you wish to get into government contracting, or are looking at a automated version of the bidding process. The results will be instantaneous.

Sincerely,

A handwritten signature in black ink, appearing to read "Josh Rounds". The signature is fluid and cursive.
